Some products cover up muscle pain.

Traumeel® works deep down to treat the cause.

Effectively relieves muscle and back pain, as well as inflammation and bruising associated with injuries.

Supported by over two dozen scientific studies, Traumeel® is a clinically proven and true alternative to conventional pain killers. Composed of 14 natural ingredients known to regulate inflammation (including Amica and Calendula), Traumeel's unique mechanism of action accelerates healing. Traumeel® is much better tolerated than classic anti-inflammatories, does not cause cardiac or gastrointestinal side effects and has no known medicinal interactions.
